SUMMARY

Highly motivated and dedicated Frontend Developer with expertise in MERN stack development. Experienced in creating dynamic and responsive web applications using HTML, CSS, JavaScript, and React. Strong problem-solving skills and a passion for delivering high-quality user interfaces.

EXPERIENCE

RMSI Private limited, Noida — *Trainee Engineer*

Sep 2023 - Present

- Expert in diverse AI annotation tasks with proficiency.
- Demonstrated commitment to quality assurance, ensuring accurate and consistent annotations to enhance AI model training effectiveness.

Sharpener.tech, Benguluru— *Training*

Apr 2022 - Present

- Currently undergoing training as a full stack developer, focusing on the MERN stack.
- Learning and implementing modern frontend technologies and best practices.
- Collaborating with a team to develop real-world projects using React, Node.js, and MongoDB.

Softpro India , Lucknow— *Internship*

Aug 2019 - Sep 2019

- Completed an internship where I gained foundational knowledge of frontend technologies such as HTML, CSS, and JavaScript.
- Assisted in developing web applications and improving user interfaces.

EDUCATION

Institute of Engineering & Technology, Ayodhya U.P.
B.Tech (Information Technology)

JUNE 2018 - NOVEMBER 2022

Late.R.B.S.I.C Karaura,Tilaura Jaunpur, Jaunpur U.P.
Intermediate Science (12th)

APRIL 2015 - JUNE 2017

Florence Public School, Delhi
Secondary School Science(10th)

APRIL 2013 - MAY 2015

PROJECTS

Home Automation Device -
Using Arduino uno

- Design and implementation of home automation system using Arduino Uno.
- Integration of sensors and actuators for controlling lights, appliances, and security systems.
- Programming Arduino Uno to automate and monitor home functions remotely.

Online E-Banking — *Using Django*

- Collaborated with a team to develop a web application as the final year project.
- Took responsibility for frontend development and designing user interfaces.

SKILLS

- Proficient in HTML5, CSS, and JavaScript
- Knowledge of Python 3 programming language
- Experience with frontend frameworks like React.js
- Knowledge of Bootstrap for responsive web design
- Familiarity with Git and GitHub for version control
- Understanding of Express.js for building backend APIs
- Basic knowledge of Node.js and MongoDB for full stack development
- Strong problem-solving and analytical skills

AWARDS

- **Techno Science Exhibition (Home Automation Device & Women Safety App)**1st Rank in State Level Champ (U.P.) East Exhibition, at IET ayodhya(02-Feb-2020)
- **National Science Day** (28 february to 1st march) at IET Ayodhya
- **National Conference on Emerging Trends** (27 -28 july 2019) Hosting the Program
